Wishing you a happy New Year!

### **Regional Land Use Framework** – Consultation and Events January 2024

The RLUF sets out a concise vision and objectives for land use across the region, providing information on existing land uses, the benefits they provide, and drivers for land use change. It recognises the urgency of joined up action to address the climate and biodiversity crises and identifies some of the priority changes in land use that are going to be needed.

Events are being held in Duns, Newton Stewart and Online during January to promote the RLUF. Please book your FREE ticket for your preferred location at the following links:

**Wednesday 17th January** Volunteer Hall, Duns <https://SOSDRLUFDuns.eventbrite.co.uk>

**Monday 22nd January** Vaults Art Centre, Newton Stewart  
<https://SOSDRLUFNewtonStewart.eventbrite.co.uk>

**Wednesday 31st January** Online (6.30pm-7.30pm) <https://SOSDRLUFOnline.eventbrite.co.uk>

We are inviting all organisations, communities, and individuals to comment on the Regional Land Use Framework Consultation draft. Details of the consultation and the consultation draft RLUF can be found on the Regional Economic Partnership website at:

<https://sosrep.dumgal.gov.uk/whats-happening> We ask that consultation responses are submitted via the Consultation Form provided which also provides space for any additional comments you may have. The Consultation will run for a 12-week period to **23rd February 2024**

The pilot is being coordinated by SOSE in partnership with Dumfries & Galloway Council and Scottish Borders Council and is aligned with the Regional Economic Partnership. SUP Services Ltd is supporting facilitation of the consultation process.
