Dear Councillors and Community Councillors

We would like to tell you about the latest news from the Teviot Wind Farm team and invite you to our information event, details below. We look forward to seeing you then.

Teviot Wind Farm: Additional Information Event

Muirhall Energy has made significant changes to the layout of the proposed Teviot Wind Farm, dropping the overall number of turbines from 62 to 53 and reducing some tip heights. We have also decided not to progress the solar array on Binks Hill so that element has been removed completely.

Residents and stakeholders interested in seeing the new plans are invited to an informal information event at our South of Scotland Office, 4-6 North Bridge Street, Hawick TD9 9QW on Wednesday 26th June 2024. There will be 3 sessions running from **10am – 12 noon, 2pm – 4pm** and **from 6pm until 8pm**. The Teviot Project Management Team will be on hand to answer any questions you may have.

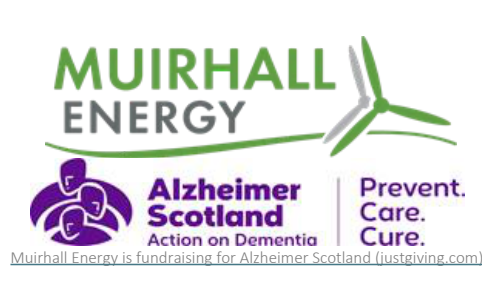

We have now submitted our revised layout to the Energy Consents Unit. All documentation can be found on our website from **18th June 24**. Comments on the revised submission should be submitted before **29th June 2024**.

If you would like to arrange a call to discuss this further, please contact Senior Project Manager kelly.wyness@muirhallenergy.co.uk

Kind regards

Carol Douglas
On behalf of
Kelly Wyness
Senior Project Manager
