Innov8 NYP Easter Programme

Our Easter Programme was a great success and offered a variety of enjoyable activities for the children throughout the week. We began with a **gardening session** where the group worked together to improve the planters in Douglas Square 🌿. The children showed excellent teamwork and enthusiasm, and their hard work made a noticeable difference, leaving the area looking much brighter and more welcoming. This session was made possible thanks to the generous donation from **The Copshaw Gardners Group** 🙌.

On Tuesday afternoon, we visited **Fusion Trampoline Park**, where everyone had a fantastic time taking part in an energetic and fun session 🤸🤸. After the visit, we enjoyed a stop at McDonald's, which gave the young people an opportunity to enjoy a treat together 🍷.

We finished the week with a lovely session with **Linda Lovatt making Easter Bunnies**, which provided a calm and positive end to a busy and successful programme 🐰. The Fusion visit and Linda Lovatt session were made possible thanks to funding from **Children in Need Big Sky Fund** ❤️.

A big thank you goes to all the young people and staff for their enthusiasm and participation throughout the week, as well as to the wider community for their ongoing support in making these opportunities possible.
